Dear Mr. Ocasio:

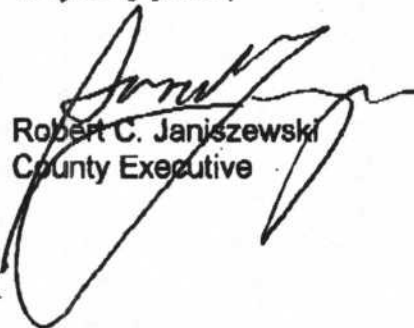

Congratulations on being accepted for the position of Correction Officer with the County of Hudson beginning July 5, 2000 at a salary of \$21,947.

As employees of the County, we are part of a team dedicated to serving our friends and neighbors. When we come in contact with the public, either in person or by telephone, we are talking to and serving men and women whose tax dollars pay our salaries. It goes without saying that these people, and your fellow employees, should be treated with courtesy and respect.

The employee Handbook you received and the orientation you attended have hopefully answered many of your questions about County employment. However, if you still have some questions please contact your supervisor or the County Division of personnel.

Once again, Congratulations and Good Luck in your new job!

Very truly yours,

**Robert C. Janiszewski
County Executive**
